

Ford Castle Class Suggested Timetable for Home Learning During School Closure

Day	9-10am	10-10.30am	10.30-11am	11am - 12pm	12-1pm	1-2pm	
Monday	Reading	Writing	Break	Maths	Lunch	History	Music
Tuesday	Reading	Writing		Maths		Geography	PE
Wednesday	Reading	Writing		Maths		RE	French
Thursday	Reading	Writing		Maths		Science	
Friday	Reading	Writing		Maths		Art	

Reading

- Complete any activities sent to you over School360 or email
- Read a different type of text every day (fiction story, non-fiction book, poetry, newspaper article, webpage, recipe etc.)
- Ask and answer questions about what you have read
- Spend a good amount of time delving into your current reading book or an old favourite story
- Try and improve your reading fluency by seeing how many words you can read accurately per minute (you could use a timer to help with this)

Writing

- Complete any activities sent to you over School360 or email
- Write a different type of text every day (story, report, diary entry, poem, set of instructions, recount, play script, setting description, letter etc.)
- Look over your written work and edit and improve it (spelling, punctuation, vocabulary etc.)
- Check that you understand what your spellings mean by writing them in sentences

Maths

- Complete any activities sent to you over School360 or email
- Practise your times tables - you can access the 'Multiplication Mountain' quizzes on the school website
- Practical activities could include: measuring quantities when cooking or baking, going outdoors to represent numbers/ calculations with natural materials or
- Collect data and represent it in graphs and charts

History

- Create a fact file about an inventor or invention significant person of interest to you
- Create a geography quiz to test your family's knowledge out!

Music

- Listen to a piece of music you know well and enjoy. Clap along with the pulse and enjoy!
- Practise any instruments you play
- Compose a piece of percussion music and perform it for your family. (Lots of household items work well for percussion: upturned pots and pans, empty bottles, a jar of rice... the list is endless!)
- Compose a song about a topic of your choosing

Geography

- Conduct independent research and prepare a presentation (for example on PowerPoint) ready to show the class when we return to school. Your research could include: location, climate, mountain ranges of South America, population, trade and industry.
- Conduct independent research on a country that interests you
- Try to learn a range of flags and capital cities off by heart
- Research the populations of various countries and represent this data in a graph

PE

- Play your favourite sport with a family member
- Try to beat your personal best - this could be for anything physical such as number of skips in a row, how far or high you can jump, how many 'keepy-uppies' you can do... anything really!
- Go for a long walk on the beach with an adult
- Create a circuit around your house/ garden. For example, you could spend 5 minutes at each of the following stations: sit ups, speed bounce, laps of the garden, running up and down the stairs, skipping, burpees.

RE

- Research the creation stories of different religions
- Research a festival from any religion and create a fact file

French

You could revise what we already know in French, for example by:

- practising your numbers and playing bingo in French
- collecting objects that are different colours and labelling the colours accordingly in French
- saying hello and asking a family member how they are in French
- Drawing pictures of animals and labelling them in French

Science

- Complete any activities sent to you over School360 or email

- Conducting simple experiments in your home, with supervision. For example, you could examine and observe substances changing state (such as ice to water to steam or solid chocolate to melted chocolate...)
- Add food colouring to ice cubes and watch colour mixing as they melt

Art

- Create shadow puppets for a performance
- Draw/ paint a portrait, self-portrait or a landscape picture
- Draw and colour your own comic
- Create a piece of outdoor art
- Do some junk modelling with recyclable materials
